**HOLY NIGHT**

*Forget tinsel, Ferm Living's scandi Christmas decor is all about candles. The 2021 range includes a jar of 24 candles to reinvent the advent calendar.*

**CHEF'S KISS**

All I want for Christmas this year is an easy clean up. Available at Harvey Norman, Neff's fully integrated dishwasher disappears into joinery but works hard below the surface to bring roasting pans and the stickiest dishes to a sparkle. There's even a door-open assist for hands-free access to racks mid-cook and a time light that projects a wash cycle countdown onto the floor.

**SUPERCHARGE YOUR SMOOTHIE**

Sometimes the party season calls for a post-indulgence or post-workout feel-good fix.

- ½ cup baby spinach leaves
- ½ cup kale leaves, deveined, roughly chopped
- 1 kiwifruit, peeled, cut into chunks
- ½ avocado cut into chunks
- 200ml unsweetened almond milk, chilled
- 1 scoop IsoWhey Complete Madagascan Vanilla

Place spinach and kale leaves, kiwifruit and avocado in a blender. Add almond milk and IsoWhey. Blend for 2 minutes. Pour into a tall glass – enjoy!

**GIFT OF TRAVEL**

If money were no object, what would you gift your paramour? In Victoria, a Lon to Laura tour (pictured) takes in two peninsulas in luxury, at \$3026 per couple.

Or \$50,000 will buy a dinner with David Walsh, the genius behind Mona, with private jet transfers to his Hobart museum. Visit [lonretreat.com.au](http://lonretreat.com.au) and [culturalattractionsofaustralia.com](http://culturalattractionsofaustralia.com)
